DIARY
From August 11, 1862 to June 15, 1865,
of
Seargent Robert Armstrong of Company H, 60th Regt. Ind. Vol.,
Residence on East fork of Blue river near Horner's Chapel,
Washington County, Indiana, enlisted at Fredericksburg, Ind.
Dr. James McPheeters Capt., Wm Brengle first Lieut.

We enlisted in the U.S. service August 11, 1862, was mustered in
Aug. 15th and marched to Ky. the same night, we arrived at Richmond
the 23rd, were engaged in battle the 30th of the same month (Aug),
was taken prisoner, remained with the rebels until Sept. 2nd, when I
was paroled and started for home, where I arrived Sept. 7th,
After remaining at home 10 days returned to camp Noble, where we
remained until the 18th of Nov., when we go to Indianapolis, where we
remained until Dec. 10th, when we being exchanged take the railroad
for Cairo, from Cairo we take the boat for Columbus, Ky., where we
arrive Dec. 12th, after remaining there 4 days, take the cars for
Corinth, Miss., where we arrive Dec. 17th, 1862, our supplies were cut
off for a few days, after we arrived here were on half rations for
20 days, We remained at Corinth doing garrison duty till Aug. 18th,
we were ordered to leave, we go and get aboard the cars and leave o
on the morning of the 19th for Lafayette Station on the Memphis &
Charleston road, we arrived there the same evening and remained
till Oct. the 28th, when we again embark on the cars and start to-
wards the front, we arrive at Luke the 30th & go into camp and re-
main till Nov. 6th, where we marched, having sent the camp and garri-
son equipment back after marching five days we arrive at Pulaski,
Tenn. the 11th, here we remain and do guard and forage duty till
April the 29th 1864, when we again march for the front and this
make the trip marching by Huntsville & Chattanooga, and arrive at Resaca, Georgia, the 9th day of May, where a skirmish ensues, we then fall back and go to fortifying Snake Gap and lying there till the morning of the 13th, we again move to the front, having a little skirmish on the bank of the Oostenala river, and drive the rebs away from the creek. The 14th we move to the extreme right, go to the Oostenala 5 miles below where a brisk skirmish ensues to get possession of the ford, after driving the rebs away, we plonnto the river and cross, after the brigade crosses which is not till Sunday the 15th, we send out skirmishers and the 7th Iowa deploy and advance about ½ mile when they meet a brigade of the enemy, who give them a volley before they are aware of their presence, our men fall back with 60 or 70 killed & wounded, but the rebs do not follow, they also fall back, we follow the next day and overtake them the next evening, when another engagement follows in which our 2nd brigade suffers considerable and fall back. We receive heavy reinforcements at night, and the rebs leave, McPhersons whole army having crossed the river and are coming, we followed the rebs as far as Kingston where we arrive the 18th and rest till 23rd, when we again take the right and resume our pursuit till we arrive at Dallas, Ga. on the 26th, camp beyond the town, get up the 27th strip for a fight, send out skirmishers and a brisk skirmish goes on all day in our regt., about 30 men loses about 30 men, we gain a ridge by driving the enemy off and put up a line of defences, the rebel skirmishers firing over us all the while, The 28th about 4 o'clock P.M. the rebs assault us and are handsomely repulsed with heavy loss, our loss light.

See April the 17th.
April 17th.
Before we attempt to cross the creek two brass pieces were taken on a hill where they shelled the hill opposite the side where there were some rebel pickets over there, and they got away as quick as possible, our fire was not returned, we then marched down to the creek and pulled off our clothes and tied them up with our other accouterments in our blankets, proceed to wade the creek, which was about waist deep at the deepest place and very swift, On the evening of the 23rd we form line of battle of 5 minutes before 5 o'clock, we expected nothing but a fight, the rebels reported in force just across the hollow on the next rise, Our battery was taken to an old field, and our regiment was behind it and extending to the right and to support it in case an engagement should ensue, the balance of our brigade was sent forward to flank the enemy on the left, when the battery commenced to shell we could distinctly see the rebs skedaddling, but they proved to be only a few pickets or scouts or something of the kind, as our advance guard followed on beyond where we saw the rebels, finally General Sweeney came back to camp and ordered us back to camp, where had stopped in the evening and had left luggage that is our blankets and haversacks, we returned and after a great deal of excitement about getting our things again, we retired for the night, On the following day about 1 o'clock we arrived at the town of Tuscumbia.

If fortune with a smiling face
Strew roses in our way;
When shall we stoop to pick them;
Today, my love, today.

But should she frown with face of care,
Or talk of coming sorrow;
When shall we grieve, if grieve we must,
Tomorrow, love tomorrow.
Here is one leaf reserved for me,
From all thy sweet memories free,
And here my simple song might tell,
The feelings you might guess so well,
But could I this, within thy mind
When no impression yet is seen
Where no memorial yet hath been
Oh it should be my sweetest care
To write my name forever there.
